
Route For Appomattox ACS Bike-A-Thon

Shown above is a map showing the route to be followed on Sunday, October 15th, when local riders will take part in the annual Bike-A-Thon for the Appomattox County Unit, American Cancer Society.

The route is approximately ten miles long and the riders will "take-off" at 2 p.m. at the junction of Route 627 and Route 631. Two check-points will be set up along the way where cards can be stamped and riders will receive cold drinks and refreshments.

All safety factors have been taken into consideration - a police escort from the Appomattox County Sheriff's Department will lead the riders and the Appomattox County Rescue Squad will have a vehicle traveling with the cyclists along with members of the squad at the check-points. The Bike-A-Thon route will be marked and signs leading into the area will warn motorists of the ride in progress.

It is the firm desire of the Appomattox County Unit, American Cancer Society to make this another safe and sane ride - not a race.
